

# Excel Mildew Additive

To **finish** strong you sometimes need a finish that exceeds industry requirements. In certain environments dirt deposits on textured finishes start growing mold. This can also occur on areas that receive little sunlight or low air movement.

- **Factory added mildew booster.**
- **Increased mildew resistance, exceeding ASTM D-3273 requirements.**
- **Available in all textures of Superior and Superior Elastomeric Plus Finishes.**
- **Excel is does not reduce the acrylic polymer levels in the finish.**
- **Improves resistance to the affects of mold, mildew and algae in tough environments.**
- **Vapor Permeable.**
- **Best for areas where high humidity or low air movement is a concern.**
- **Can be tinted any color.**
- **Does not affect workability, application or performance of the finishes.**
